SB243

Please vote down and oppose SB243 including all of its parts, pieces and amendment's, -1's through -infinity and all other bills relating to firearms that have come into the Oregon legislature so far this year. These bills have no purpose other than to turn over half of Oregonians into criminals and take away our 2nd amendment rights. Yes, over half of Oregonians own firearms and are good people that own them for a variety of good reasons. This bill adds further restrictions to places where CHL holders are allowed to carry. Why? CHL holders are a demographic that is among the absolute lowest to commit crime. The logical and critical thought put into this bill was absent.
