Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2528

I strongly appose this bill. No authority should be given to any non elected group or person !

Oregon citizens pay your salary and any bills that give power to non elected groups is insane .

We are done with nonsense bill. This is an open door for no controls and no accountability

This should be dropped or put on a ballot.

I am not a smoker ; however I would not take another persons right to smoke away
