

Submitter: Michael Nelson

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

I am asking for a vote no on House Bill 3824 which is scheduled for a work session May 20th. This bill appears to attempt to limit chiropractors from saying or marketing that we perform physiotherapy as well as restrict chiropractors from performing physiotherapy procedures. The practice of physiotherapy is in our scope, part of our practice act and in part defines chiropractic in Oregon at ORS 684.010. I also have concerns for public safety as this legislation appears to allow physical therapy assistants to perform spinal manipulation. As a consequence, I respectfully ask that the Senator not support this proposal and vote no on HB-3824
