

Submitter: Robert Hafer  
On Behalf Of: HB2528  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: HB2528

If the Oregon health Authority is so concerned about individual Oregonians health why didn't they object to the excise tax on bicycles which will affect poor Oregonians from purchasing a bicycle therefore making them more healthy??  
Another power grab from a governor who thinks she knows how to live our life's better than we do!

From a seasoned touring cyclist
