Measure, Appointment or Topic: SB181

For over 20 years Oregon Health and Science's Primate Lab has been experimenting on creatures 98+% just like humans. Those experiments can be compared to torture, and generally nothing can be gained from them in spite of the similarity to humans. PLEASE SUPPORT SB181 to stop this seemingly endless cruel and useless experimentation, and finally close the Primate Center. Please release the primates to appropriate shelters where they will finally be free of torment. Thank you.
