Measure, Appointment or Topic: SB181

I support SB 181 to stop the use of any animal in laboratory “ testing “. The use of animals is archaic and ineffective and sick minded. There are modern methods that are state of the art and up to date causing the outcome to be productive . The 2 reasons this sadistic practice is still alive , is due to 1. Funding 2. Cruel minded people that take the job for their disturbed depraved enjoyment of TORTURING ANIMALS TO DEATH . Stop the funding of this evil that wastes taxpayers money anyway . It's 2025 . It's time to get smart .
