Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB243

Every legislative session the endless barrage of attacks against legal gun owners begins. These Bills deny us of our State and U.S. constitutional rights.

Legislators are sworn to uphold the constitution and protect their constituents' rights. When it comes to the Second Amendment, the legislature of Oregon behaves more like anti gun activists, totally violating their sworn duty. Gun owners of Oregon are treated like second class citizens. The Second Amendment is not a second class amendment.
