Re:HB 3971

So much wrong about this Bill. Do you know construction has already begun without due process?

Lane County already does a good recycling service at the current facility without the impact on residential communities which would be extremely negative.

You may say I do not matter because I'm in Keizer, Oregon but I have family residing there and as I age the likelihood of me residing there is a reality.

Do the right thing and find the right place for the dump. Would any of you decision makers want a dump in your yard?

Respectfully submitted,
