Measure, Appointment or Topic: HB3971

Honorable members of the Rules Committee. I urge you to support HB 3871. CleanLane is a joint private/public project that will aid our region in meeting state goals for waste diversion. It will also importantly reduce the production of methane gas from our public landfill by a whopping 90! A mega company from Texas is trying to stop the building of this facility for their own profit at the expense of our important progress in dealing with waste in Lane County. This is not right! Please vote to support HB3871.

Thank you.
