

Submitter: Cynthia Altemus

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1153

I oppose SB 1153, Please don't mess with our water rights. STOP this bill from moving forward. Farmers have far too many water right restrictions as is, there is no need to add further complications or restrictions to their ability to water crops and care for the land. That's their role in our society, help them to care for our community and nation.
