

Submitter: Jackie Jones
On Behalf Of:
Committee: Joint Committee On Tax Expenditures
Measure, Appointment or Topic: SB120

Individual Development Account participants save for homeownership, education, retirement, and starting businesses with state matching funds up to 5-to-1. But the tax credit funding this program hasn't been updated since 2009 and hasn't kept up with inflation. Please keep this program going it has helped my family out tremendously if it was not for this IDA program I would have near to nothing and be in the same boat as to when I started we need this to pass so that others can benefit from this program it changes lives.
