As an Oregonian and a father of three with the only one income I struggle to make it the state of Oregon says they make too much money for food stamps so I can't get food stamps but yet at the end of the day I don't make enough money to be able to provide food for my children now on top of this you want to reallocate more tax dollars out of our pockets to a road build that we've already been taxed on totally unfair to treat oregonians like a piggy bank we are not your cash cows we are struggling to provide for our families as it is when are you going to wake up and actually listen to oregonians
