

Submitter: Stacie Crow

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Why is it hardworking tax paying citizens are on the hook for the lack of fiscal accountability from our politicians?

The cost/tax increases in this package will once again increase cost of living expenses for families already struggling as well as increase the cost for small business.

It appears the main goal of our politicians are not to make Oregon an affordable place to live but unaffordable, while the reckless, unaccountable spending continues.

When will the citizens voice be listened to?
