Committee: Joint Committee On Tax Expenditures
Measure, Appointment or Topic: SB120

My IDA really helped me. I totally my car and needed money for a down payment to purchase a new car. I was able to withdraw some of my money out of my IDA to use for a down payment.

I also had credit cards that the interest was high and I needed to pay them down. I was able to use my IDA to pay off some of my credit cards.

I think the IDA is very good program that helps people accomplish their financial goals and teaches them how to save.
