Measure, Appointment or Topic: SB238

I oppose SB238A because it increases the power of Big Government to surveil Americans. I believe in the first amendment, which includes freedom of speech and freedom of assembly. I do not want a technological police state and I therefore strongly reject the notion that police can ethically use drones for surveillance without a warrant. This is not the USSR and this is not China. Protect the right of Americans to live without being spied on by a malicious and tyrannical government.
