Measure, Appointment or Topic: HB2025

You have broken Oregon citizens backs with ridiculous taxes. We cannot afford utilities, groceries, homes, rent because Democrats feel Oregonians are an endless cash source. You are competing with California to become the highest gas tax in the USA. It is time you start working for and helping Oregonians instead of trying to break them. Democrats are so out of touch with the reality Oregonians are facing. I would never vote Democrat again. Christine Lahoda
