

Submitter: Kari Fouts
On Behalf Of: Myself
Committee: Joint Committee On Tax Expenditures
Measure, Appointment or Topic: SB120

Please support increasing the film incentive, its potential impact on our film industry is huge to start but also has significant impacts on our local economy as well. Increasing the film incentive brings larger crews and productions to the Portland area and Oregon as a whole. This highlights our state and helps drive tourism, as well as financially supporting all us wonderful locals and our families that live and work here!
