Measure, Appointment or Topic: HB2025

Ladies and Gentlemen,

NO.....on HB 2025. The taxes in Oregon are already overwhelming, there should be no new taxes or hidden fees. This state needs to understand a budget and live within that budget. With a kicker back to the people of Oregon in excess of 1.5 billion you are taxing us to much so not only no new taxes but lower the ones you have in place currently.

Sincerely,
Terry L. Coles
