All these laws you are implementing will do nothing except hinder honest, law abiding Oregonians.

In your districts, the big crime and certainly drug ridden cities, you evidently enjoy ANTIFA and violent protests at every turn, perhaps soon you will be experiencing the same madness as Los Angeles.

Portland has certainly gained a disgusting notoriety compared to my time as a boy 70 years ago when Portland was an exciting and wonderful city.

Now it is allowed by city leaders to be a center for radicalism, and violent protests, the training spot for breaking windows and firebombs.

Meanwhile you do your best to keep honest and good people from having any defense from such horrible riots and violence and looting ... perhaps it will be destined that your own businesses or your own homes someday will see the result of your votes and at last you will understand why decent people need a capability for owning firearms and having a means to protect themselves.

In every case you have ignored comments against your useless bills... bills that have accomplished zero towards decreasing drugs, crime, suicide or done any positive result for Oregonians. Zero, as you look like Marxists to many of us. You certainly make the Chinese Communists smile.
