

Submitter: Don Switzer

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose HB2025. The continual increase in taxes will make it difficult for Oregonians to make ends meet. How are we suppose to live without creating a hardship within our households if the bills in session are all passed. Please have compassion for those struggling to make ends meet already. Would love to see some bills that reduce taxes.
