

Submitter: William Bates

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

We really can not take more taxes. We are being taxed to death. It seems the only way Salem can fix anything is to put the burden on the people of the good state of Oregon.

You were elected to help the people of Oregon. Not hurt us with all of your taxes, so dear jobs and help us.

William Bates
