Measure, Appointment or Topic: HB2025

My name is Joni Hopper, and I live near Woodburn, Oregon. I'm writing to express my strong opposition to House Bill 2025. It is time to learn how to use public funds wisely. With the cost of living already straining Oregon families, this bill would make it even more difficult to get by. Raising gas taxes, registration fees, and payroll taxes will place an unfair burden on working families like mine. The increased costs to run our farming business will potentially force us to go out of business. I urge you to vote no on HB 2025 and instead focus on holding ODOT accountable and making better use of the funding it already has. The state of Oregon has not been responsible in handling the vast amount of money it spends. The peoples money need to be budgeted and prioritized and funds used responsibly.

Thank you,
Joni Hopper
