

Submitter: Kristy Willoughby

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This is absolutely unacceptable. We already are being gouged just for the privilege of living and working in multnomah county. We've seen what little extra we had be gobbled by greedy politicians and inflation created by them. Help the middle class. We are being destroyed and no one seems to care. Its an unfair burden attempting to get us to stop driving. It's intentional abuse of power.
