Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am in support of the Transportation Reinvestment package. I believe it is imperative to improve transit, cycling and pedestrian opportunities for all in our state.

Community paths that can connect our cities and areas of growth are a great way to allow for active transportation while relieving car traffic and improving health. This will be even more critical as we continue to grow.

Thank you for considering my comments.
