

Submitter: Carolyn McGregor

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please support the development of bike infrastructure. It serves the purpose of increasing access to safe, low cost transportation, it has the potential to improve the health and well-being of the community, and biking is better for the environment than driving. Furthermore, bike infrastructure contributes to livable cities and is an investment that will keep on giving back to the community.
