Short and sweet! I oppose this bill! I thought people were against KINGS! This is nothing but a way to Manipulate the people. Sounds very shady. We have very little to no confidence in our local government. After all why should we? It's bad enough when we the people vote down sales tax, no driver's licenses for sanctuary persons, and many other things, but y'all go right ahead and pass whatever you want. That's dictatorship! Or you can say KING or QUEEN. That's not the Oregon we want!
