Measure, Appointment or Topic: HB2025

No more taxes! No more taxes! No more taxes! Higher taxes will keep pushing businesses out of state. You are killing small businesses as it is and 2025 will hurt them even more. Oregon gas is already one of the most expensive in the nation.

Enough is enough! Not every crazy idea is worth spending our hard earned tax dollars on. Prioritize. Learn to live within your means, like everyone else has to do.
