Measure, Appointment or Topic: HB2025

I can't believe that you think people can afford another huge tax increase in the state of Oregon! We can not afford to live here if you keep piling on a new tax for roads, trimet, etc again! Every time we turn around the legislature keeps asking for more money! Learn to live within your means like the rest of us have to do. I oppose HB 2025 like so many other Oregonians! I was born and raised in Oregon but this state is pushing people to have to move somewhere cheaper because you can't afford to live here anymore!
