I strongly oppose this bill as well as the HB2025. Seriously this is no better then the original bill, it still hurts everyone in Oregon that pays taxes and it is going to destroy jobs, housing etc. Go back to the drawing board and see where cuts can be made to programs that are not needed. ODOT needs to figure out there budget and how to fix roads etc. Even if you give them this money where does it stop they will come back and say we have no money yet again. Someone needs to be accountable and it has to start and stop here Also giving the governor more power to dictate who runs ODOT is a huge mistake and should not happen This bill effects both party lines and hurts everyone. Please do not pass this bill
