DOGE Oregon. Eliminate all special projects. Clean up the waste and fraud, you're bleeding tax dollars through NGOs and bloated bureaucracy, and unnecessary programs. Do your jobs or resign. We the People do not approve, we've made that very clear in spite of everything you've doing to evade and sideline our feedback. Add back in all the testimony from CR 2, you can't just ignore that, those are your constituents and they have the constitutional right to redress their grievances in this ongoing context. Nobody in our state approves of you increasing our taxes, and very few representatives on either side would vote to pass this bill, if it weren't for the threats and pressure applied - those who vote to pass this bill are not acting in good faith and all deserve to be fired.
