I strongly oppose this bill. ODOT can not be allowed to receive anymore money and they sure the hell do not need to control our gas tax. People are leaving are Oregon in record numbers. Businesses are closing down due to the high taxes, homeless and drugs. Oregonians are working 2 and 3 jobs just to make ends meet. The governor is worthless and does not care about the rest of us Oregonians. We do not want any new taxes. In fact, the ones we have now need to go away as well because all the are being used for is to line all of the politicians pockets. Tina Kotek's promises are just empty words and lies. We The People are done with all of you wasting our money. Every single "project" that has been done is over budget. We do not give our consent to be part of the New World Order. Enough is Enough. The whole system is rigged in Oregon due to mail in voting. We see and know what you are doing and your days are numbered. We will no longer stand by and allow any of you to rule over us. Thank you for your attention to this matter.

Signed,
We The People
