I OPPOSE THIS BILL. This is not in the interest of the people. The legislature needs to balance the current budget not add tax burden to the already steep taxes we pay. ODOT needs to focus on cutting some of their highest payed executives not those who get the work done. Force them to balance their budget as is. You have more revenue than you've ever had already and you still can't get the job done, which means more money won't help the problem. Do not implement this bill. Vote NO.
