15 months ago I was homeless I barely squeaked out of it I'm disabled and can only work part time and social security is dragging there feet on making a ruling if this passes I will be homeless again in a system without the proper supports for me and in need of supports that don't exist I'm pennies away from not making ends meet and rent if this passes I will be homeless again and I'm not the only one many of the most vulnerable population will be homeless in a system not designed for them all because you guys want to vote for more taxes on top of this the vast majority of oregonians are opposed to this bill and you continue to ram it through for what a 9 percent or less special interest group at the cost of your own constituents you represent us not the other way around there's plenty of alternative methods to get the funding including canceling multi million dollars in petty projects and reallocatin pre existing funds

MORE TAXES = MORE HOMELESS AMERICANS INCLUDING TGE VULNERABLE
