I think the majority of Oregonians have spoken. I'm shocked and outraged that this is still happening.

We the people of Oregon oppose these new taxes. You are taxing the working class out of this state. You are making it hard to be a family that wants to prioritize raising our children. These taxes are forcing stay at home moms to return to work.

Enough is enough! Our gas is already high, do an audit and see where the money for odot has been going. Roads aren't being fixed already, maybe instead of 20 standing holding a shovel we could figure out a better budget. Again strongly against whatever you are trying to do to steal

More of our hard earned money.
