I cannot in good faith support any bill that raises the cost of living in Oregon. It's clear that odot has issues with budgeting and instead of fixing the problem you want more money from your constituents. Raising the gas tax will just result in higher costs for goods and services. Oregon is already in the top 5 for tax burden in the United States and these fees will only make that worse. I also support recalling governor Kotex and any other elected official who thinks they are above the citizens of Oregon. This bill is dishonest in nature and does not serve the public's best interests.
