I don't know how many times working Oregonians need to tell democratic lawmakers that we adamantly oppose and tax hikes for transportation. This department and their budget have been mismanaged for so long that tax payers are refusing to bail them out until they get their fiscal house in order. Currently .55\$ of every gas tax revenue dollar goes to the servicing of ODOTS debt, that's not sustainable and poor management. We will continue to raise our voices in opposition to this tax hike until ODOT can pass an independent third party audit and not before.
