As taxpayer and voter in the Sate of Oregon, residing in Eastern Oregon the chart showing the cost of current projects not completed was unacceptable. The management of the ODOT funds needs a bipartisan review. As a small business owner, there is no way I could operate in that way. Unfortunately, the State of Oregon continues to bypass the will of the voters.

Until you place the legislature physically in Eastern Oregon on snowy, icy and frozen rain roads they will not been a position to change their views.

Appreciate all of your time and efforts, but vote the will of the people of Oregon, they have spoken.
