Measure, Appointment or Topic: HB3991

I am writing you today to voice my firece opposition to HB3991. The people of Oregon have spoken loudly and clearly that they can't afford more fees and taxes to fund an agency with such a poor record of accountability. You can promise the people of Oregon more accountability but you'll have to do much more than that to rebuild the trust you've lost. The Republican caucus has given several options to new taxes and even ODOT themselves have come up with an alternative. However, the governor and her party have refused to entertain either. Your promise of future accountability is nothing more than putting lipstick on a pig. We The People cannot afford to pay even more for what are already some of the highest gasoline prices in the nation. We cannot afford a doubling of the payroll tax or the doubling of registration fees either. The governor and her party need to get their priorities in line with the hard working men and women of our state. Drop the climate craziness and the green energy scam and get back to basics. If the governor and her party continue to go down this road the livability of our state will continue to suffer, we will hemorage jobs and people leaving for better opportunities. STOP DESTROYING OUR STATE! NO NEW TAXES!

Sincerely,

David Klaus
