Measure, Appointment or Topic: HB3991

We the people of Oregon do NOT support the transportation bill. Oregon is already an unaffordable place to live. Do not approve this. Learn to operate within the budget you already have, just like the citizens do. No new taxes!!! If you approve this, we will have our voices heard in November during the election. 95% of the people that have submitted testimony do not support this. You all were elected to vote based on what your constituents want. We do not want this!
