It's nearly impossible to live in Oregon. The expense is high, the government is in your business more and more every session, then there's the radical wing nuts you encounter. The price of gas is already one of the highest in the nation, now I am sure, it will no doubt be. And for what? So our crooked governor can control more. If she pulls this off this will be common occurrence. The people of Oregon are unhappy. We can't keep up. My monthly bills don't leave room for gas. I am a caregiver, I don't make a lot I am not eligible for Oregon Health plan and already pay \$1134.00 for health insurance. I had a stroke a year ago. Now I won't be driving. I won't be able to afford to. I was born and raised in Oregon. I have watched the steady decline. It's sad that we can't trust our government to do what's right for us, not themselves.
