I have lived in Oregon my entire 55 years I have always been a middle of the road regarding politics but the current administration is absolutely out of control. They have absolutely destroyed Portland with their policies. I would challenge any of those people to walk the streets of downtown Portland at night by themselves. It wouldn't happen. Maybe if they used some of the money that they give to the homeless drug addicted people to help businesses instead of taxing hard working people to death. But that would require accountability which we know that this administration doesn't have.

Enough is enough
