If Oregonians have to live within our means, our Statehouse should be doing the same. This includes ODOT. Why does an ODOT worker's employment take precedent over all other Oregonians, who have been laid off due to companies/industries leaving Oregon?

More tax on gas? Why aren't EV's being charged (in some way) when they use the same roads?

DOUBLE payroll taxes? (On my paystub) the state income taxes are already close to what is going to the Feds.

Increase in vehicle registrations? How about enforcing the laws to collect on the unregistered cars on the roads?

I don't know what world you live in if you don't think this will effect your constituents, you are wrong.

VOTE NO on this disaster of a bill!
