I oppose this bill. As a family with young adults and teens trying to survive in an already highly taxed state is hard. We have to budget our monies which don't go as far, we have to pick and choose what things we will do without. Demanding more money from us is absurd, ODOT and government needs to spend within their means too. STOP the special projects and STOP increasing taxes. We the people say NO MORE TAXES!!! We already spoke once, doing this again is misuse of power!
