I oppose the transportation tax package. I cannot make my monthly bills and yearly property taxes with any additional taxes. I am on Social Security, and I live outside the city limits. With needing to go to the grocery store and doctors appointments, the cost of gas is already prohibitive. With other fees to go up, I won't be able to keep my car. There isn't a bus or other low cost transportation, and my children do not live close by. Please, just fix the roads; potholes, striping, plowing, etc. Leave off all the extras; new bridges, trees and flowers. A word of wisdom from my mother, many years ago: When you're having to be careful with your money spending, think, is it a "want", or is it a "need"?
