Committee: Joint Special Session Committee On Transportation  
Funding

Measure, Appointment or Topic: HB3991

Members of the Committee:

I strongly oppose HB 3991. This proposal represents one of the largest tax-and-fee increases Oregonians have ever faced:

? A massive gas tax hike

? Doubling payroll taxes taken from every paycheck

? Huge increases in title and registration fees

? Allowing unelected bureaucrats to raise taxes without a single vote of the Legislature

This is outrageous. Citizens have already made it clear they do not support these increases, and yet the Governor is asking the Legislature to override the will of the people and place the burden directly on working families, small businesses, and seniors living on fixed incomes.

Oregonians are struggling with high costs of living, inflation, and housing challenges. The last thing families need is a bigger tax bill just to drive to work, register their car, or bring home a paycheck.

I urge you to reject HB 3991. Please respect the voice of the people and protect Oregonians from unnecessary and harmful tax burdens.

Thank you.
