Measure, Appointment or Topic: HB3992

I oppose passage of this tax increase. The tax money already being collected needs to be spent more responsibly, and the spigot for unending tax increases needs to be shut off. I was informed by my state representative that an audit has already been done of ODOT. And that an additional \$30/year should be no big deal for most Oregonians to pay. He didn't include increased vehicle registration or the other increased fees. Do better with the money currently allocated. Oregonians are being strangled by some of the highest taxes paid in the United States with the least to show for it.
