I have to live within a budget. All state agencies should have to do the same, including the DOT. If funding shortage is a problem for them, instead of cutting the people who actually do the work on the ground, cut some of the pencil pushers. My understanding is that this bill raises taxes and fees and only 10% of the revenues actually goes to the DOT. Our state government needs to start being more transparent and honest about the things they do that affect the taxpayers! Shut down HB3991!!
