Measure, Appointment or Topic: HB3991

As a lifelong born and raised Oregonian, I am more than disappointed in the governors dog and pony show, and complete lack of common sense pushing HB 3991. You folks that are pushing this measure must have no feelings for your constituents whatsoever, and expect the taxpayer to cover costs with new taxes in the billions.

From what I can see, there is no common ground from the democrats towards the republicans, you you just want more money all the time, and care little about how it affects the taxpayers of the state.

As a farmer/rancher I am struggling new with the cost of fuel, registration fees are already out of reason, as are all the other things that you want more money for.

It should be very apparent that with all the people, and companies leaving the state, that this is not a welcoming state, and it's getting worse every day.

I implore you to stop this madness, work with the right, and come to a reasonable fix. It is mind boggling that the left is not willing to give an inch, or even talk about the republicans plan, which makes good sense, and does not burden the taxpayers with more un-reasonable taxes.

I adamantly oppose this bill, and ask you to oppose it as well.
