Why can't you elite legislators ever listen to your constituents - the same people who put you into office? If you continue to push this massive tax increase, the largest increase in Oregon history, while you assume nobody is watching, you're in for a huge surprise! In case you haven't heard (or rather didn't care to hear), testimony presented at Friday's hearing on this bill was 97% in opposition. If that isn't evidence enough of how actual Oregonians who aren't politicians feel about this redistribution of wealth, just maybe you will understand when you're up for reelection next term. The people just aren't going to take it any longer watching our state government refuse to take accountability for their repeated mismanagement of the state's budget. Is this the legacy you want to leave once you're no longer in the legislature? Please, for the sake of all middle and lower income Oregonians and small business owners and their employees, VOTE NO ON HB 3991 !!!
