It is clear that the super majority of Oregonians oppose Tina's Transportation Package. People who support it benefit directly from its passage.

The Oregon Constitution vests authority to set fuel tax rates with the legislature, that is you!! Tina's Transportation package gives that authority to an unelected state agency. This is UNCONSTITUTIONAL! So when was the last time you read the Oregon Constitution?

Are you tone deaf? 4 out of 5 people who responded to a KATU poll said they don't want any more taxes! Take the earplugs out of your ears.
